

Patient Participation Group Application

You can get involved with the practice by becoming part of a Patient Participation Group.

If you are interested in joining your GP Practice's patient Participation Group (PPG), please fill in this form and return it to your GP Practice.

Join your Patient Participant Group

Data Protection Act

Your contact details will be kept safely and securely and will only be used for this purpose and will not be shared with anyone else. The information you supply to us will be used lawfully, in accordance with The Data Protection Act 1998.

The Data Protection Act 1998 gives you the right to know what information is held about you, and sets out rules to make sure that this information is handled properly.

A Patient Participation Group (PPG) is a group of volunteer patients who are involved in making sure the surgery provides the services its patients need. PPGs are working together with Gps to improve services and to promote health and improved quality of care.

PPGs work in partnership with their practices to:

- Help patients to take more responsibility for their health
- Contribute to the continuous improvement of services and quality of care
- Foster improved communication between the practice and its patient
- Provide practical support for the practice and help to implement change.

We realise that people are generally busy so meetings are infrequent and will not take up much of your time. If you do not have time to come to the surgery for meetings, you can become a 'virtual group member' to exchange views, participate in practice surveys, and be consulted with by email from time to time.

I would like to be part of the Patient Participation Group
